- Assistance in opening a bank account
- Consulting
- Company stamps

Prices for LLC Registration in Poland

899 euro - electronic (online company formation). Registration takes 10 working days.

999 euro - notary company formation. Registration takes 3-5 weeks.

Virtual office agreement and registration address, prepaid for one year costs **300 euro** in any city of Poland.

Company formation under notary registration, can be done without personal participation, on the basis of power of attorney.

Notary registration enables you to make changes in the articles of association.

- Represent a Limited Liability Company as one of shareholders.
- Non-cash contributions for company's nominal capital.
- Qualified majority voting at shareholders meeting, etc.

Electronic company registration does not enable to make changes in the articles of association - there is only a standardized model available.

Additional information

- The minimal authorized capital stipulated by law is 5000 PLN (about 1,250 EUR).
- The costs of company registration "on a turnkey basis" (up to 3 founders) with the minimum authorized capital - the price includes the whole necessary set of documents and a legal address with the postal service paid for the year ahead, the authorized capital is not included (as tendered fictitiously) .
- There are no restrictions on the nationality of founders and executives of the company.
- You can be registered as a legal entity with the personal presence of the founders, and excluding the personal presence - on the basis of powers of attorney.
- We provide all samples of documents.
- We offer a choice of several legal addresses with the postal service.
- We issue a permit to work for board members.
- We register companies in all regions of Poland.

We also provide services of changes in Polish companies

- Excursion of the authorized capital
- Change of the number of members/founders
- Change of the legal entity's name
- Change of the registered office
- Change of CEO
- Change of the composition of executives
